Dear Ken:

Thank you for attending our hearing on the President's Report of Soviet Non-compliance.

Enclosed are some follow-up questions for the record from Members of the Select Committee on Intelligence. Copies have also been forwarded to State and CIA. In order for our Committee to complete its report to the Senate -- mandated at that hearing -- I request as timely a response as possible to the attached questions.

Let me also take this opportunity to reiterate our request to you for a copy of the report by the General Advisory Committee on Arms Control and Disarmament. I hope you are able to secure its release to this Committee.

Sincerely,

Barry Goldwater
Chairman
